AMENDMENT

Hon. Assistant Commissioner for Patents
Alexandria, Virginia

In response to the Office Action dated December 31, 2002 and made final, the Advisory Action dated May 27, 2003, and the Request for Continued Examination submitted herewith, please amend the above-identified patent application as follows:

IN THE SPECIFICATION

Please replace the third paragraph on the first page with the following paragraph:

B1 Care must be taken when attaching to the connector. For example, the connections must be securely fastened so they do not come apart after installation. Additionally, they must be properly aligned so that an electrical connection is made upon installation.

Please replace the fifth paragraph on the first page with the following paragraph:

B2 However, snap-in mechanisms may be confusing for the installer because of their similar appearance. If the confusion among possible connections leads the installer to make the wrong connection, the result could be disastrous.
